What problems can it help us to solve?]. The German Association of Sign Language Linguistics or Arbeitsgemeinschaft fur Deutsche Zeichenkunst (AGZDZ) was founded in 1982, and is a non-profit organisation focussing on the description of signs, their significance and their role in Linguistic Standards. More than 40 people with a scientific background come together in this organisation to share ideas and to co-operate in their research work. AGZDZ-members try to find interdisciplinary approaches in order to solve the problems of sign language that is still in a phase of transition. Their aim is to influence the social and political policies in Germany. Housing starts fall to a five-year low on declining building activity Housing starts fell for a second consecutive month, a reminder of the slowdown in the domestic housing market. Builders started work on homes and apartments at a seasonally adjusted annual rate of 633,000 units in June, the Commerce Department said Tuesday. That is a big drop from June's rate of 735,000 and a five-year low. The level of starts is much lower than the 647,000 annual rate reached a year ago. Builders are struggling to find enough labor to satisfy demand for new homes. The labor market remains tight, and construction companies have not added many workers since the recession. The spike in rents and listings is causing buyers and sellers to postpone a home purchase for longer, said David Kelly, a senior partner at Capital Resource Group, an industrial brokerage. Start
